Opened in October 2007, the Mountain Villas are a contained village of 48 luxury 2 & 3 bedroom villas set amongst the rainforest & mountain vistas of surrounding Lamington National Park. The villas provide the perfect nature escape offering private, spacious and contemporary accommodation designed to connect with the natural surroundings. The interiors reflect the lush greens of the rainforest canopy, the rich hues of the rainforest floor and the vivid tones of the spectacular sunsets.

Fully self-contained, with each bedroom having it's own private ensuite, the villas provide the perfect accommodation style for corporate escapes & retreats. We provide a "per villa" accommodation rate, it is up to you to decide if you wish villas to be single share, twin share or multiple share.

At the centre of the Mountain Villas site is O'Reilly's Lost World Spa & Conference Centre. Opened in August 2008 the Lost World Spa & Conference Centre is a purpose built facility dedicated to the hosting of conferences, meetings and corporate retreats.

O'Reilly's Lost World Spa is a haven for relaxation and rejuvenation offering a range of pampering treatments via seven treatment rooms. Conference packages and inclusions are available to work into your program.

There is also a heated 25 metre, infinity lap pool complete with views out over the valley to the distant ranges.

Clear Thinking Retreat Itinerary:

Day 1:

We suggest a mid afternoon arrival (we are approx 2 hours scenic drive from Brisbane and 90 minutes from the Gold Coast). The drive assists in the process of transition into a new environment and adds to the sense of removal. Check into accommodation upon arrival and begin the “unwind” into the natural surroundings.

“Thinking at a Higher Level” – Orientation Session

Our 4WD buses will transfer your group to Moonlight Crag, a spectacular private lookout positioned on the edge of a thousand foot sheer drop that looks over the Kerry Valley to the Lost World and over the McPherson Ranges and Great Dividing range in the distance to the west.

Casual seating on the edge of the lookout provides an inspirational setting for you to set the scene of your meeting and enlist the buy-in of your team. We encourage you to use this setting to remove the restrictions of the everyday working environment, to promote thinking at a higher level and to focus on the outcomes you want to achieve over the coming days. The inspirational views and spectacular beauty are the introduction that will set the scene for the experience to follow.

Sunset Experience – Breaking down the barriers

After the orientation session, use the time to break down the internal barriers by allowing your team to interact and get to know one another on more of a personal & social level. Casual drinks, with the spectacular backdrop of the sun setting over the distant ranges, has been a long time successful inclusion in our corporate itineraries. We provide a choice of beverage and nibble packages for your selection to make the most of this memorable experience.

Dinner Under the Stars

After sunset drinks your group will enjoy a gourmet BBQ dinner set under the stars at Moonlight Crag. Cooked on site by our chef and serviced by waiting staff, your team will be able to enjoy the experience of Lamington National Park at night. Away from the light pollution of the city, the number and brightness of the stars are amazing. A bonfire will warm the cool night as well as providing a catalyst for reflection and sharing of stories.

Day 2:

The Lost World Conference Lifestyle Centre & Spa – Opened in July 2008 our Lost World Conference Lifestyle Centre is a venue dedicated to the hosting of outcome focused conferences, meetings and retreats. Modern facilities are supported by all the equipment you will require including data-projection and wireless internet. The conference rooms break-out onto a private terrace overlooking an infinity swimming pool and the views over the valley to the west.

The Lost World Spa is a haven dedicated to relaxation and rejuvenation; seven treatment rooms offer a selection of ritual and performance treatments. Sodashi product is used in the world's premium spas including the Six Senses spas throughout Asia and the Emirate's spas through the Middle-east. Relaxation treatments can be incorporated into your itinerary, either as an inclusion for delegates or as an optional addition.

Lunch - Lunch is included in your conferencing package and will be served on the terrace (weather permitting).

Afternoon Tea - Break-out afternoon is included in your conferencing package and will be served on the terrace (weather permitting).

Afternoon Activity (Optional) - If your retreat is about providing your team with an arena for social activity and team building why not include one of our afternoon activities

Gala Dinner - Dinner this evening will be held at the Lost World Conference Lifestyle Centre, our staff will turn over the room and theme it into an informal, gala dinner setting complete with fully set tables and plated meals. Pre-dinner drinks will be provided on the terrace, once again allowing delegates to enjoy the setting sun. The dinner setting provides a perfect opportunity to incorporate some formal aspects of your retreat, it may be a reflection on the day's outcomes, a sharing of a vision forward or an opportunity to recognise and reward high performance. A perfect opportunity to enforce your key messages to participants.

Day 3:

Day 3 will provide breakfast, morning tea, lunch and afternoon tea as per previous day.

We will structure the day according to your needs and meeting requirements, you may like to incorporate a team building activity as part of the day either in the morning or the afternoon.

For those that depart mid morning, a popular close to the itinerary is a departure lunch at O'Reilly's Canungra Valley Vineyards, the perfect location to break the return trip and to end the experience. Lunch can be provided within the historic Queenslander homestead in Vintage Restaurant, or a popular choice are our gourmet picnic basket lunches that can be enjoyed on the banks of Canungra Creek.
